

Latin Metals Signs Definitive Option Agreement for Huachi Copper-Gold Project, San Juan Province, Argentina

NR25-10

June 23, 2025

Vancouver, B.C. – Latin Metals Inc. ("Latin Metals" or the "Company") - (TSXV: LMS) (OTCQB: LMSQF) is pleased to announce that it has entered into a definitive option agreement (the "Agreement") with Golden Arrow Resources Corp. ("Golden Arrow") to acquire up to a 100% interest in the Huachi property ("Huachi"), a 3,500-hectare copper-gold project located in San Juan Province, Argentina (see previous [news release](#), dated March 13, 2024). The Huachi property is immediately contiguous with Latin Metals' Esperanza project (Figure 1).

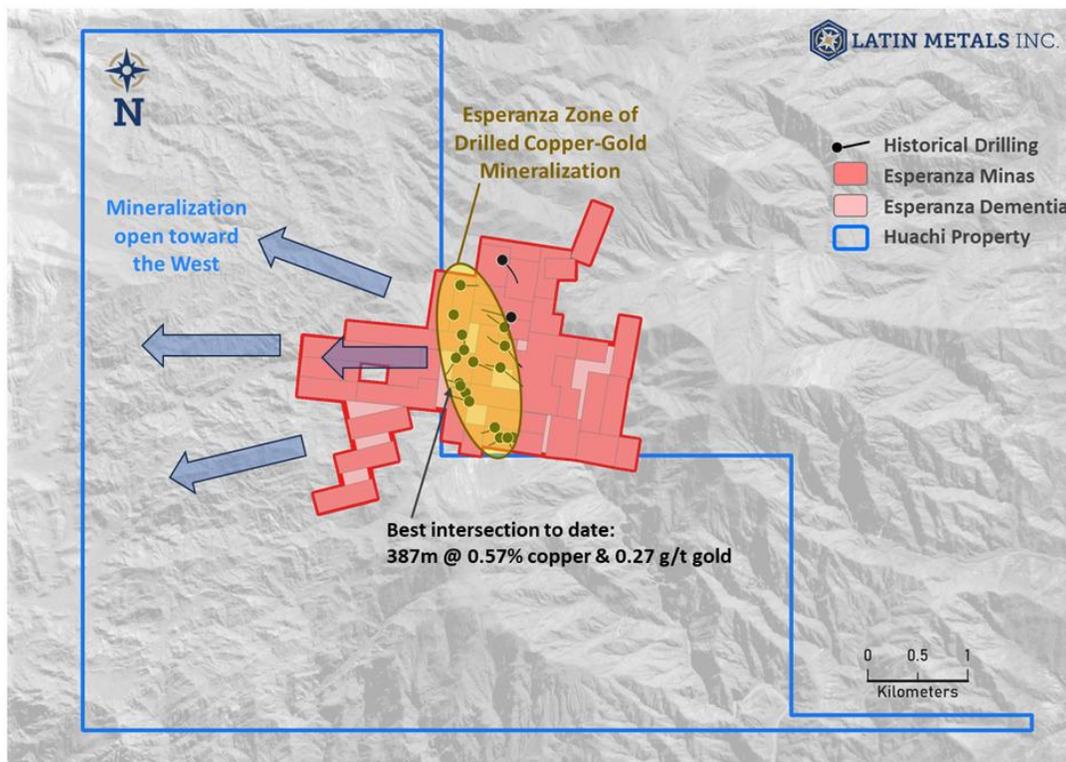

Figure 1: Location of the Huachi property, located immediately west of the Company's Esperanza property, San Juan Province, Argentina.

Definitive Agreement Terms

Latin Metals has the right to acquire an initial 75% interest in the Huachi property by completing US\$1,000,000 in exploration expenditures and US\$1,000,000 in cash payments to Golden Arrow over a four-year period (Table 1).

Upon earning the 75% interest, Latin Metals has a Top-Up Right to acquire the remaining 25% interest (for an aggregate 100% ownership) by paying US\$2,000,000 in cash to Golden Arrow within 90 days (Table 1).

Should Latin Metals choose not to exercise the Top-Up Right, the parties will form a joint venture (JV) with Latin Metals holding 75% and Golden Arrow 25%. Each party will fund its pro-rata share of future expenditures. A party diluting below 15% will have its interest converted to a 1% net smelter return (NSR) royalty.

Work commitments and cash payments commence on the first anniversary of approval of the environmental permit (Declaración de Impacto Ambiental or DIA), approving the start of exploration activities including drilling (the "**Commencement Date**").

About the Esperanza and Huachi Projects

The Esperanza project hosts a partially defined copper-gold porphyry system, with surface expression of a pyrite halo measuring 1,400m x 850m. Historical drilling by Latin Metals returned **387m @ 0.57% Cu and 0.27 g/t Au**, including **166m @ 0.84% Cu and 0.37 g/t Au** from surface. Mineralization remains open in all directions and at depth, with vectors suggesting continuity westward toward the Huachi project.

Latin Metals previously entered into an option agreement regarding the Esperanza and Huachi properties with Atlantic Metals Limited, a wholly owned subsidiary of Moxico Resources plc., a private copper mining company with producing and development assets in Zambia and the Kingdom of Saudi Arabia, made as of October 7, 2024 (see previous [news release](#) dated October 8, 2024)

About Latin Metals

Latin Metals Inc. is a copper, gold and silver exploration company operating in Peru and Argentina under a prospect generator model, minimizing risk and dilution while maximizing discovery potential. With 18 projects, the company secures option agreements with major mining companies to fund exploration. Current option holders include AngloGold Ashanti (Organullo Gold Project) and Moxico Resources (Esperanza & Huachi Copper-Gold Projects). This approach provides early-stage exposure to high-value mineral assets. Latin Metals is actively seeking new strategic partners to advance its portfolio.
